QUALITY SOLUTIONS FOR CARE
YOU CAN TRUST

CARE EQUIPMENT THAT PUTS RESIDENTS FIRST

Pro-Quip gets it right

Pro-Quip is the high-quality medical equipment brand from Fairfield Care. With over 30 years' experience helping care homes deliver the best possible care, we understand what you and your residents need.

From profiling beds and pressure relief mattresses to our accessible bath range, Pro-Quip products enhance comfort, mobility and overall quality of care. All our products meet the highest industry standards, so whatever you order, you can be sure your Pro-Quip equipment is reliable, compliant and safe.

Servicing, training and support

We're not just suppliers, we're your partners too.

With your dedicated account team supporting you, we give you specialist advice and guide you towards the choices that are right for your care home. We offer full product training too, along with tailor-made servicing programmes to keep your Pro-Quip equipment performing just as it should – so your residents enjoy the best possible care.

Profiling beds: elevating comfort and care

Discover a new level of comfort and care with our Pro-Quip profiling beds. Designed with both residents and caregivers in mind, they offer customisable support and optimal positioning, and are comfortable, flexible and easy to use.

Patient slings: seamless mobility and support

Safe and comfortable patient transfers are essential in any care setting, and our Pro-Quip patient slings are carefully designed to give the utmost support. Putting safety and ease of use first, they make the transfer experience smooth, safe and comfortable for residents and caregivers. With different options to suit a range of needs, they help promote dignity and respectful care. We also offer a detailed sling guide that helps carers determine the right sling and application for the task-in-hand.

Accessible baths: comfort and dignity

Bathing should be a comfortable and dignified experience for everyone. Easy to access and equipped with features that enhance safety, our Pro-Quip accessible baths are designed to promote independence and wellbeing. They help individuals with varying mobility levels to bathe comfortably while reducing injury risk for your care team. All our baths are installed by our own team of expert engineers.

Pressure relief and foam mattresses: redefining comfort

Residents with mobility challenges deserve exceptional comfort as much as anyone. Pro-Quip pressure relief and foam mattresses provide unparalleled support and alleviate pressure points. Playing an important role in enhancing residents' quality of life, they help make sure those in your care can always rest in comfort.

Servicing for safety and peace of mind

You rely on the equipment at the heart of your care home. You need it to be safe and reliable, to perform as it should – and with expert after-sales support from our servicing team, you can be sure your equipment will keep doing its job for a long time to come.

We service the full range of care home equipment including profiling beds, hoists, slings, baths and mattresses.

With our expert servicing engineers on your side and an account team that knows you, plus our online servicing portal at your fingertips, you get the assistance you need when you need it. From servicing and maintenance to compliance inspections and emergency repairs, we keep your care home running smoothly – and your residents comfortable and secure.

Preventing breakdowns

Our scheduled maintenance programmes keep your equipment in optimal condition, significantly reducing the risk of costly and disruptive breakdowns.

Emergency repairs

Our prompt response times keep your care home running smoothly and your residents benefiting from the care they need.

Engineering expertise

From minor adjustments to comprehensive repairs, our 'fix not replace' approach has got you covered.

LOLER inspections

Trust our certified engineers to carry out rigorous examinations to keep you compliant with your LOLER obligations and other regulations.

We're committed to care

Quality you can rely on

Quality is the cornerstone of our service. That's why all our Pro-Quip equipment is manufactured to the highest quality standards, and rigorously tested to make sure it meets the safety and comfort levels that your team and your residents expect.

Seamless delivery

Once ordered, our delivery team, including our own fleet of drivers, get your products to you quickly and efficiently – important when you have so much else to manage.

Expert after-sales support

With specialist training and support from our expert team – including your own dedicated account manager – your after-sales experience has our stamp of quality too.

Servicing as standard

Regular servicing by our in-house engineers helps make sure your Pro-Quip equipment carries on performing effectively. Our service team looks after your equipment reliability, with maintenance, repairs and LOLER inspections where needed.

'I can wholeheartedly say that I am 100% happy with the service provided by Fairfield Care. They have consistently demonstrated an unparalleled level of care, dedication, and professionalism that have left me thoroughly impressed.'

Mohsin Dewji, Purchasing Manager, MD Homes
